

# Do Our Choices Make a Difference?

## Care- Consequence- Beauty- Duty

PE Kits and Uniform  
Please ensure that your child has a full, named PE Kit in school that fits. As the weather gets warmer, please ensure all uniform is named.

Reading  
All children do whole class Guided Reading where we enjoy a book and complete a small activity in school showing understanding of the text. Every child will have a fun home task stuck in their planner to complete for the following week. As part the home task we ask you to please try to share the love of reading at home as much as possible.

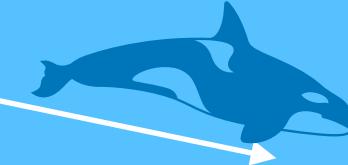

Website  
Please remember to check our school website for updates from the school and our class pages.  
<https://stmarys.sch.im>

Welcome Back!  
Welcome back to Mia who has rejoined St Francis.

Shoe Laces  
If you are sending your child to school in shoes with laces, please make sure that your children are confident with tying laces independently.

### The Irish Sea

We will begin our project by identifying different bodies of water on world maps before zooming in on the Irish Sea. Children will be introduced to different animals that live in the Irish Sea.

### The Pacific Ocean

Children will know that the Pacific Ocean is the largest and deepest ocean on earth. We will explore different animals that live in the Pacific Ocean and the effect the Great Pacific Garbage Patch has on these animals.

### Visitor Dates

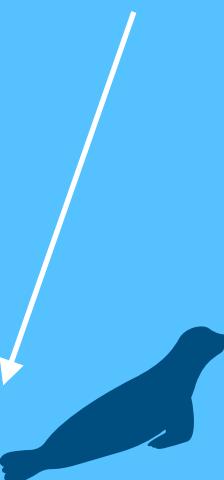

Monday 29th April- Manx Whale and Dolphin Watch.

Thursday 2nd May- Manx Wildlife Trust.

### Key Vocabulary

Pollution  
Water  
Ocean  
Sea  
Human geography  
Physical geography  
Significant sources  
Power Generation

### Pollution

We will be focusing on the 3 main types of pollution- land, air and water. Children will learn about the impact of pollution on our environment, including animals, and what we can do to help.
