Last half term, we learnt a lot about the impact of deforestation on plants, tribes and animals.

We'll now consider the reasons for deforestation.

Deforestation - The clearance of trees over large areas.

Who should decide the AMAZON'S FUTURE?

Next, we'll zoom further into Global Warming and discuss the effect that deforestation has on this.

We'll discuss the impact this will have on the world, not just the Amazon.

To conclude our project, we'll be having an in class debate on the reasons for and against deforestation in the Amazon rainforest.

Please join us for our coffee/cake Rainforest fundraiser on Thursday 11th July.

We can share our learning about the Rainforest with you!

More details to follow.
