

Can Small Actions Make a Difference?

Consequence - Sustainability - Duty - Beauty

Website

Please remember to check our school website for updates from the school and our class pages.

<https://stmarys.sch.im>

Welcome!

Welcome to Blossom who has joined St Stephen.

Sun Cream

With the sunny weather heading our way (hopefully) please ensure your child has suncream on each morning before school. Unfortunately, teachers are unable to apply suncream.

Home learning

As always, we strongly encourage that you read with your child as much as possible. Children are given the opportunity to change their book every morning. A reminder that all children have a Mathletics and Reading Eggs login in their planner, these apps are teacher directed.

PE Kits

Please ensure your child has a full, named PE kit in school that fits them.

Shoe Laces

If you are sending your child to school in shoes with laces, please try to help your child to become confident with tying laces independently.

The Isle of Man

We will begin our project by looking at maps of the UK, identifying areas of land and water. We will then zoom in on the Isle of Man and the key features surrounding the island such as beaches, bays and harbours. Children will be introduced to the different animals that live in the Irish Sea and discover why this environment is the perfect home for them.

Hawaii

After looking at the Isle of Man, we will be looking at the Pacific Ocean and zooming in on the Island of Hawaii. We will identify the key features of Hawaii and how these are different to the Isle of Man. Children will be introduced to the climate of Hawaii and the animals that live in it's surrounding waters.

Key Vocabulary

Beach
Bay
Harbour
Cliff
Feature
Island
Pollution

Pollution

Throughout our project we will be focusing on the issue of water pollution. Children will learn about the impact of pollution on our environment, including animals, and explore ways we can all help to protect our planet.

Visitor Dates and Trips

Friday 2nd May- Manx Wildlife Trust visit.

Friday 20th June- Port Erin Beach for rock pooling and a beach clean. We will be in touch regarding parent helpers.
