

A collage of nine images representing different aspects of family. The images include: a large pink gift box with a white ribbon; a wall made of various colorful candies; two acrobats performing a stunt; a soccer ball with a German flag design; a white puppy lying on a wooden plank; a green road sign that says 'Family'; two young girls standing on a wooden bridge; and a brown teddy bear sitting in grass.

**We all love different people, things or activities.
Let's make a list.**

Sweets: <https://www.instagram.com/hotshotz06/?hl=pt>

- **Does the picture include some things that you love?**
- **What else would be on your list?**
- **Are there some things that you like but don't love?**
- **What's the difference between loving and liking?**

- **Make a list of five people or things that you love or like.**
- **Draw a line with **like** at one end and **love** at the other. Then put your list of five people or things in order on the line.**
- **Share the reasons for your order with a friend.**
