

Can Small Actions Make a Difference?

Consequence - Sustainability - Duty - Beauty

Website

Please remember to check our school website for updates from the school and our class pages.

<https://stmarys.sch.im>

Home learning

As always, we strongly encourage that you read with your child as much as possible. Children are given the opportunity to change their book every morning. A reminder that all children have a Mathletics and Reading Eggs login in their planner. These apps are teacher directed.

Sun Cream

With the sunny weather heading our way (hopefully) please ensure your child has suncream on each morning before school. Unfortunately, teachers are unable to apply suncream.

PE Kits

Please ensure your child has a full, named PE kit in school that fits them.

Island Explorers

During our Summer project we will be zooming in on the Isle of Man. We will begin our project by looking at maps, identifying land and water, before designing our own maps of our school. We will then zoom in on physical and human features, and the key features of the island such as beaches, bays, harbours, rivers and Snæfell. Children will be introduced to the different animals that live in the Irish Sea and discover why this environment is the perfect home for them.

Pollution

Throughout our project we will be focusing on the issue of pollution. Children will learn about the impact of pollution on our environment, including animals, and explore ways we can all help to protect our planet.

Key Vocabulary

Beach
Bay
Harbour
Cliff
River
Mountain
Physical feature
Human feature
Island
Pollution

Visitor Dates and Trips

Tuesday 28th April- Orienteering at Nobles Park
Monday 8th June- Manx Wildlife Trust Visit
Wednesday 10th June- Manx Whale and Dolphin Watch Visit
Wednesday 8th July- Rock Pooling and beach clean at Port Erin Beach. We will be in touch nearer the time regarding parent helpers.
